Welcome to Warwick State High School

Founded in 1912, Warwick State High School has a proud history as one of the oldest educational institutions in Queensland. The school now begins its second century of excellence with a strong Junior Secondary agenda, a strong emphasis on parental involvement as well as a continued focus on academic, vocational, sporting and cultural excellence. The opening of the school's new Trade Training Centre in 2014 will further enhance our resource base allowing us to expand our vocational offerings to students.

The school offers a supportive environment to encourage students with special needs to achieve their maximum potential. The Student Wellbeing Team supports students emotionally, socially and spiritually during their time at school. Our Triple A rating, focussing on Achievement, Attitude and Attendance supports high expectations for the entire school community.

Our target of 100% of Year 12's leaving the school with a qualification ensures there is a pathway – academic, vocational or workforce for every Warwick High graduate.
